Intelligent Design

What Is It, Who Believes In It and Why, and What Are They Doing About It? And Why You Should Be Concerned.

- 1) Introduction
- 2) What are the main beliefs of the “Intelligent design” movement?
- 3) Why are they wrong about science and “philosophical naturalism?”
- 4) So who is leading the ID movement, and why?
- 5) Can one be a Christian and accept the evidence for evolution? Phillip Johnson says “No”!
- 6) Who said anything about God?
- 7) So where’s the science?
- 8) What about ID in school?
